Salary & Job Trends for PGDM Graduates

The impressive average income of PGDM graduates in India largely stems from the high demand for skilled management professionals. Effective management is vital across all industries, ensuring smooth operations regardless of the sector. Hence, there's a notable surge in the need for PGDM professionals. In India, the average annual PGDM income stands at **INR 7.73 lakh**. This qualification is sought after by professionals in diverse fields such as IT, banking, retail, and beyond.

Dual Specialization

Tie-ups & Collaborations

Establishing collaborative partnerships both nationally and internationally has always been a priority at Lloyd.. Through national collaborations, we aim to foster relationships with leading academic institutions, industry partners, and governmental bodies to exchange knowledge, resources, and expertise. These collaborations enable us to enhance our curriculum, provide students with diverse learning opportunities, and contribute to the socio-economic development of the nation. On an international level, we aspire to form strategic alliances with renowned universities, research institutions, and corporate entities worldwide. Through international collaboration, we aim to elevate the profile of our institution on the global stage, attract top talent from around the world, and position ourselves as a hub for innovation and excellence in education and research.
