- Addressing common challenges entrepreneurs face and collaboratively finding practical solutions.

Detailed Report

Lloyd Group of Institutions, in collaboration with PHD Chamber of Commerce, organized an Entrepreneurship Round Table Conference on 15th July 2023 with more than

40+ entrepreneurs who gathered to share their experiences and achievements in their journey of exploration for sustainable business development ideas.

Lloyd Institute hosted this Round Conference at Ph.D. Chamber of Commerce, Huaz Khas Delhi.

The session started with an address by Dr Vandana Arora Sethi, Group Director, Lloyd Group of Institutions, who elaborated on the need for entrepreneurs amongst the young generation today and stressed the role of Entrepreneurs in the development of the economy, using the skills and initiative necessary to anticipate needs and bring new ideas to market. These legends, in their very own spaces, have created wellness and growth for themselves and society.

The Guest of Honor of the day, Dr Rishi Raj Singh, Director General, All India MSMES Federation Ahmedabad, India, inspired all the entrepreneurs for their efforts and their zeal for taking initiatives of change.

Mr Arpit Sharma, Chief Operating Officer (COO) of Skill Council for Green Jobs, expressed the need to preserve or restore the environment and expressed the need for new emerging green sectors such as renewable energy and energy efficiency that need to be focused on for a 'New India'.

Mr. R.K. Sharma, AVP Head Skill Development, JBM Group, expressed his opinion on the role of skill enhancement as the key to successful growth in futuristic growth for a sustainable Indian society.

The day witnessed many Entrepreneurs with over 40+ companies, which are start-ups whose leaders represented their thoughts and business aspirations to each other. This was one of the only events recently held in the education domain in Delhi-NCR that witnessed young entrepreneurs all under one roof.

In today's world, any discussion or debate across various forums on development, economic growth, or political stability, the attention of the world is automatically attracted to India, especially with the efforts of Prime Minister Mr Narendra Modi's vision of

Futuristic India. Expectations from India are not only from within the country but also in the context of global growth and development, and a lot is expected from our country. The Round Table conference between the bearers of businesses nurtured by Indian minds awakened the efforts towards the envisioned changes for India shortly, which was the highlight of the Round Table Conference.

Learning Outcome

- Participants improve their ability to connect with peers, mentors, investors, and other stakeholders, fostering valuable business relationships.
- Attendees understand current market trends, industry challenges, and emerging opportunities within the entrepreneurial landscape.
- Through collaborative discussions and workshops, participants develop practical problem-solving skills applicable to their business challenges.
- Entrepreneurs learn to think strategically about business growth, innovation, and competitive positioning, enhancing their decision-making capabilities.
