"Transform Ideas into Impact: Choose Our Prestigious PGDM Journey."

LLOYD EDGE

Vision

"To be a globally recognized center of excellence in all aspects of management education and produce ethical leaders with functional expertise, promoting sustainable solutions, and an entrepreneurial & innovative perspective to improve their employability exponentially".

Mission

- To offer an academically rigorous, practice and research- supported, management education based on principled and ethical values, sensitive to the ever-changing needs of the profession, society, industry, and country.
- To continue to provide a stimulating learning environment that fosters the understanding of disruptive, technological developments, and encourages continuous innovation and learning.
- To promote the practice of collaborations and work-related learning experience which focuses on the application of knowledge and skills which is globally relevant.
- Nurture personal mentoring that respects individuality and inspires students to become responsive and responsible business leaders who can make progressive and sustainable impacts.
- To provide broad and domain-specific knowledge to up skill, students, in definitive careers of functional expertise through various course electives in upcoming frontiers of management education.
- To stimulate and encourage entrepreneurial culture by equipping students with global business awareness, and developing faculty as thought leaders.

Message from Our Leaders

From His Desk :

“The essence of true education is not only to facilitate the students with tools to attain success in life but also to engrain values and skills in them.”

We, at Lloyd, work to incorporate the principles of modesty, compassion coupled with idea to effectuate innovation, growth and excellence. The curriculum of the program is industry oriented. Academic rigor is reflected in the course design and delivery of this program and I believe infusing technology into the management program will create futuristic jobs.

Various pedagogic tools help our students develop not only a holistic business perspective but an ability to seize opportunities in a competitive business environment. At the same time they remain committed towards the betterment of the society.

LBS is supported by state of the Art Infrastructure and coupled with industry oriented curriculum based on real life practical training. Academic rigor is reflected in the course design, delivery of academics and dedicated team of faculty members, equipped with right mix of industry-academic-research experience.

Members of faculty are involved in their pursuit of developing and disseminating knowledge through teaching, research and consulting. Lloyd Business School welcomes you to join us to realize your full potential under our able guidance.

Manobar Thairani
President

As technology continues to advance at a frenetic pace and world becomes increasingly unpredictable, there is change everywhere.

And not just change mandated by the AI & IT but change that Mother nature keeps challenging us with - floods, draughts, tsunamis and the deadly pandemics like Covid 19. During the 2 years of standstill of Covid, the vacuum cleaner salesman had no sales. He could neither visit his prospects, nor give them a demo. He analyzed this & worked out a plan. He contacted his earlier buyers, interacted with them on FaceTime & based on trust relationship he had established with them, sought their experiences and with their permission, stand these FaceTime conversations with his prospects. He needed new skills: mobile skills, tact, networking & confidence.

Skills not taught in the post graduate management programme. More & more employers are moving beyond degrees and job titles to focus more on the skills the changing business environment needs.

So perhaps this is the time to redress this short coming with a new look at one B-school environment and incorporate technology-based education.

Lloyd Business School is fully prepared for opportunities that the 4th Industrial Revolution is offering which emphasizes the interconnections of machines & systems to achieve optimal performance & productivity gains, which is the aim of any business.

Industrial revolution 5.0 is said to take it a step further. By this, fine tuning is created b/w human & machines, a collaboration b/w automated technology's ultra-fast accuracy and human's intelligence & creativity.

PGDM-5.0 at Lloyd Business School focuses on use of modern cutting edge technologies like AI, IoT, Big Data, Cloud Computing, Block Chain, Digital twins along with training the management students with leveraging human creativity & intelligence.

Preparing you not only for today but ensuring a futuristic career for you as well. I extend a warm welcome to all management aspirants for admission 2023. May the best ones get selected at Lloyd!

PGDM 5.0

Lloyd Business School believes in creating learning opportunities based on the concept of 'Experiential learning' wherein a blend of case studies, role plays and practical exercises are used in tandem with theoretical discussions. With ICT based teaching methodology and tech-enabled classrooms, our student managers have the best possible resources that lay the foundation for generating a collaborative learning environment. The PGDM programme is centered on 3 keystones: Concepts, Application & Synthesis.

The Programme offers futuristic major specialization with industry amalgamation. The industry collaborated major specializations are:

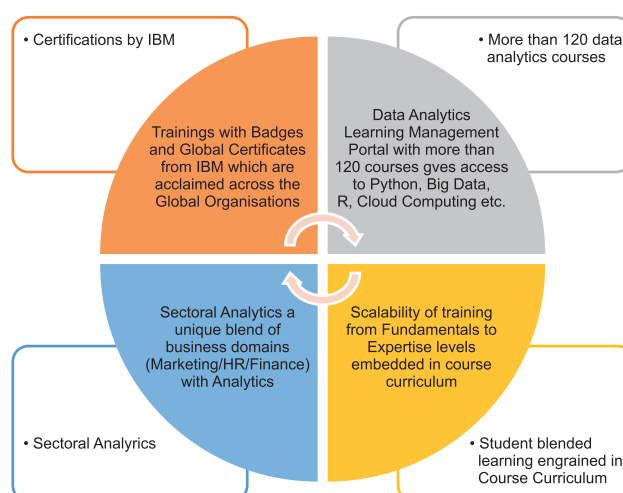

IBM Learning Management System

This academic year a Learning Management System (LMS) has been launched at Lloyd Business School by IBM which includes more than 120+ courses in analytics like descriptive analytics, predictive analytics, block chain, fundamental statistics, sectoral analytics, cloud computing etc, the platform has been further enriched with certification and all other skills-related credential information into a single, easy to navigate resource, making it easier for you to find the credentials and related learning that matter most.

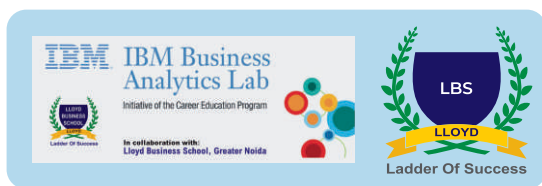

Certificates and Badges on LMS-IBM portal for successful completion of the courses

The courses are aligned as fundamental, intermediary and advanced to help students escalate pace with the program. At the conclusive end of the courses the students are provided with Badges and/or Certificates recognised by IBM and Lloyd, a sample of the same is attached.

Specialisations

The Global IBM-certified PGDM - BUSINESS ANALYTICS

The Post-graduate Diploma in Management (PGDM) in Business Analytics by Lloyd Business School, co-certified by IBM, provides an unmatched global opportunity for individuals to begin or shift their career in the exhilarating field of Business Analytics. STUDENT TESTIMONIALS

Lloyd Business School is a place where you can find amalgamation of learning, recreational activities and exposure to cross-cultures. I am grateful to the CRC for proving me the valuable trainings that are necessary for getting prepared for internship and Final Placement. Overall, I am very happy with Lloyd and I ensure that every individual can grow here, I am proud to be Lloydian.

VIBHOR BANSAL
(PGDM-BA)

You can't change the direction of wind but you can adjust your sail to reach your direction. What does it mean? It means that effort are worthless without right direction and this is what Lloyd Business School has given us. By providing right direction under the guidance of experienced and expert faculties, Lloyd groom their students and give them right direction to achieve goal.

GAURAV SHARMA
(PGDM-SCM)

I always wanted to be a successful person. But the road to success is a rocky one. You need solid guidance and support to reach there. Lloyd Business School has been super supportive and incredibly instrumental in shaping my career. Thank you Lloyd Business School. Overall experience is good till now, learnt a lot of new things and how a formal organization works. Geared up to learn more and ready to experience new challenges and overcoming them.

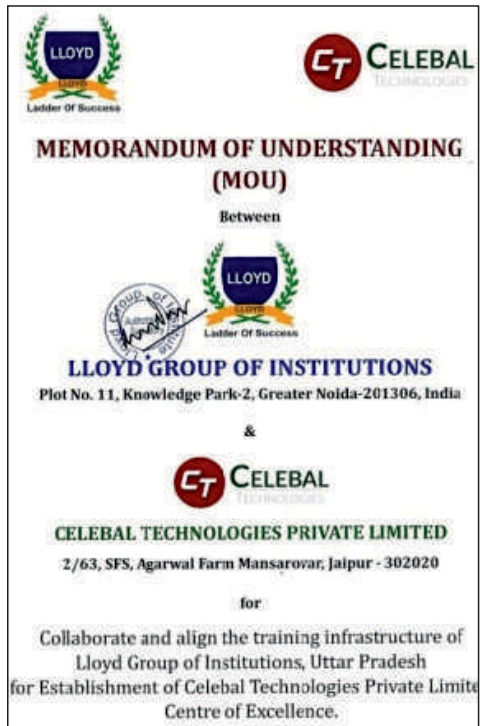

TANYA WADHAWAN
(PGDM-HRM)

I have been a student in the Lloyd Business School for over two years now, and I can tell you that no other school can prepare you for successful career the way Lloyd can. Lloyd prepares the future leaders with the confidence needed to handle any challenge they will face throughout their careers. If you want to be the next great leader of tomorrow, Lloyd Business School is the place to be.

PGDM-HRM (2022-24)
Eduaxs Solutions

With the intent to help the PGDM students/budding managers to upskill themselves in a techno-functional role which is the need of the hour we look forward to initiate an association with your organization which is technology oriented.

We propose to deploy a “HTD” model which is the Hire-Train-Deploy model, where in students of PGDM are exposed to training by Trident on skills which they can harness for a employable opportunity with your company.

The intent is to help develop resources customised for company requirements through a focused training approach to make them skill proficient and competent for industry roles reducing the gap the student takes to accommodate in to industry jobs and ascertain faster productivity at workplace.

Considering that the students from Management are an impetus for vibrant minds with energetic ideas, we at Lloyd have always believed that Industry 5.0 requires a skill set which is technologically oriented towards addressing dynamic markets for innovative solutions.

Setting the aforesaid as the backbone of liasoning Lloyd has eneterd in to a Industrial collaboration for Centre of Excellence in Microsoft Dynamics 365 for students of PGDM-BFSI and SCM.

The company would be providing training support and placement oppurtunities after the conclusion of the industrial training so that students can perform ERP skill set in their very 2nd year of PGDM in a niche skill set.

Through the MOU the following has been proposed :
Set up Corporate Hub for Trident in association with the College for

Looking forward to a knowledge and skill based intervention for upskilling the students at Lloyd by Industry mentors like Trident Technologies who have acted as pillars of light for students graduating from Lloyd.

AICTE Sponsored International Conference on

“National Education Policy - Transformational Reforms in Higher Education (NEP-TRHE) : Making a Global Impact”

The Two Days Lloyd's International Conference, sponsored by AICTE, themed on “National Education Policy - Transformational Reforms in Higher Education: Making a Global Impact” was successfully conducted at Lloyd Campus. Receiving more than 700 participants from 75 different organisations & 12 different states, with 126 Total Abstracts including Oral & Paper presentations.

The conference aimed at providing a common platform to all the stakeholders in Education - the regulators, managements, faculty members, researchers, students and people from Industry to deliberate on diverse perspectives of the **New National Education Policy** and understand its role in transforming higher education. The purpose was to provide an understanding of the proposed reforms and ease in creation of a roadmap for effective implementation.
